Miele Sponsors The World's 50 Best Restaurants One To Watch Award

Princeton, NJ – May 16, 2016 - Miele, the world's largest family owned and operated appliance manufacturer, is proud to announce its partnership with The World's 50 Best Restaurants as the sponsor of this year's One To Watch Award.

Selected by a panel of distinguished culinary judges from around the world, The One To Watch Award celebrates the chef and restaurant with the most potential to influence the food community in a profound way. Located anywhere across the globe, this classic or avant-garde winning chef and restaurant, will be bold, confident and unique in the very best way.

"As a global brand, we are honored to have the opportunity to support The World's 50 Best Restaurants and the upcoming winner of The One To Watch Award as they represent the ultimate global celebration of great chefs and restaurants," said Miele US President, Nick Ord.

Miele celebrates and practices attention to detail, quality craftsmanship, versatile technology and timeless design. The World's 50 Best Restaurants recognizes and explores the same elements across the global gastronomic landscape.

"The decision to partner with The World's 50 Best Restaurants and the One To Watch Award was an easy one," said Ord. "Their values and ours mesh perfectly – innovation, quality, performance and a desire to bring people on a culinary adventure."

The winner of the One To Watch Award will be announced on May 24th and will be recognized at the Awards Ceremony in New York on June 13th.

About Miele

Founded in Germany in 1899 with a single promise of Immer Besser, a phrase meaning Forever Better, Miele has dynamically grown to become the world's largest family-owned and operated appliance company with more than 16,600 employees, 12 production facilities and representation in nearly 100 countries. As a premium appliance brand represented on all continents, Miele is steadfastly committed to the highest quality, performance and environmental standards. Miele's range of exceptional consumer appliances includes: vacuum cleaners; laundry systems; rotary irons; dishwashers; ranges; built-in convection, speed, steam and combi-steam ovens; cooktops; ventilation hoods; refrigeration; wine storage and espresso/coffee systems.
