Miele Floor Care Tops Reviewed.com Best of Year Awards for Second Straight Year
Two popular Miele vacuum series conquered the Best Vacuum category

Princeton, NJ – On Monday, November 14th, Reviewed.com, a division of USA TODAY, announced the Miele Complete C3 Series and the Miele Dynamic U1 Series as the winners of 2016 Best of Year awards. Reviewed.com rigorously tests vacuums on a number of different floor types and considers many elements including cleanliness and ease-of-use. With impeccable scores on every test, Miele vacuums dominated the [Best Vacuum category](#) for the second year in a row.

Miele Complete C3 Series

The [Miele Complete C3 Series](#), encompassing ten canister vacuum models, were developed with the best in Miele engineering and cleaning technology. Each model is made with a 1,200 watt motor and integrated accessories including an upholstery tool, crevice tool, and dusting brush with natural bristles. “What really impressed us was how easy they were to use. Pulling the vacuum around the house didn’t feel like a chore, and there was an attachment for every task,” said Reviewed.com about the Complete C3 Series.

Miele Dynamic U1 Series

The [Miele Dynamic U1 Series](#) is a line of four upright vacuums with tactical features designed for ease of use and optimal cleanliness. Every Dynamic U1 vacuum cleaner comes equipped with an upholstery nozzle, a crevice nozzle and a dusting brush.

The series also includes an Automatic Height Adjustment, which allows the electrobrush to automatically adjust to the carpet height for a thorough clean. The SwivelNeck™ feature makes vacuuming around obstacles an easy feat. Reviewed.com noted the Dynamic U1 Series is “quiet and straightforward,” and “uses self-sealing bags—so you can toss dirt away without touching it.”
